Creativity in school needs inspirational solutions

Every school needs an environment to inspire and stimulate creativity. A place where students can work, learn and express themselves through art and music. RBM's wide range of furniture adds energy and provides a good atmosphere with the feeling of lightness and flexibility.

TUESDAY
11:42

Silence, please.

In the school's library, reading rooms and examination halls the need for silence and concentration is vital to perform.

RBM products have ergonomic qualities that support the user to be attentive and observant over the required period of time.

Lunch break, socialising in the dining room

Not only for eating. When we gather around a table to eat we share so much more than a meal. We share thoughts, ideas, discussions and fragments of our day. Add to this an inviting space that naturally brings young students closer and you have created the perfect atmosphere of togetherness.

Classrooms for cultivating experiments and curiosity

Days of learning in classrooms can be long and tough for young students. But broadening our horizons and learning new things can be one of the most rewarding experiences in life.

RBM furnitures are designed to promote a natural posture and movement in a seated working. Sitting comfort that stands out in the segment. They enable you to create environments that encourage collaboration, learning, sharing, relaxation or play. Because at the end of the day, all that matters is an enriched daily life at school.

General meetings – meet up...

When the school's community is gathered, RBM ensures that the large rooms are equipped with high quality products with solid, comfortable and flexible solutions and inspirational colours.

In learning environments, conference areas and eating spaces furniture is frequently reorganised, so products have to be functional, robust and easy to handle in many aspects and for different users. For the RBM chairs, stacking ability is essential, as is lightness and mobility. Additional features are chair suspension and row connections. Trolleys simplify transportation and storage.

Meeting activities – need for space and flexibility

Attending a meeting or conference at school can be inspiring and educational for students. It brings new professional perspectives and social connections. The environment plays a key part of this experience. It needs to be highly flexible, pleasant and accommodating for the participants. Functionality and user friendliness solutions makes it simple and efficient.

Sometimes we just need that small break or rest in our day, a sitting group outside the classroom or in the lounge, suitable for a small meeting too. To simply leave the desk and chat with our friends and students for a while.

RBM Noor Up and RBM Allround 90 cm table.

Weekend – see you Monday

At the end of the day it should be easy and practical to leave your desk tidy and place the chair away from the floor to make classroom cleaning easier. The cleaning personnel will thank you.

The principal's office

A visit to the principals office can be intimidating, but by selecting the right furniture, you can easily create a more welcoming atmosphere for more pleasant meetings.

RBM Noor

RBM Noor is a colourful, wide and versatile Scandinavian contemporary classic that brings life to rooms. A collection of meeting, conference and canteen chairs with high ergonomic comfort, adding vitality to working spaces and sociable places as well as for schools.

RBM Ana

RBM Ana is a popular chair filling assembly halls, school rooms, canteens, meeting rooms and cafeterias with activity. RBM Ana is easy to position in rows and easy to stack and it has a simple and ergonomic design, available in a wide range of colours applicable for polypropylene shells as well as the steel tubular frames.

RBM Ballet

An inspiring chair following a timeless and modernist tradition. Works just as well around the meeting table as in the class room or conference room. Either with a 4 leg base, or as a functional chair (Ballet /Ballet Medium) with 5 star foot base. RBM Ballet (4 leg version) is easy to stack and may also be linked together. Armrests are available on the 4 leg model. RBM Ballet Medium is available for the 5 star foot base.

RBM Low-back Bella

RBM Low-back Bella is a further development of the classical RBM Bella and has a lower back height and a slim and open form with a strong appeal. Available in various colours of laminates, veneers and stained veneer.

RBM Allround

This is, as the name implies, a versatile table. A loyal and devoted friend. A reliable piece of furniture; functional and allowing. And always there for you. RBM Allround makes it easy to assemble at any work gathering or sociable occasion. The series includes several useful table top shapes and sizes, table heights and functions.

RBM Eminent

RBM Eminent is a functional and practical table which can easily be linked to create a long table or in other required set-up systems. Its clean design and rugged build makes RBM Eminent a sturdy table that can withstand all types of daily activities.

RBM Standard Folding table

RBM Standard Folding Table is a conference table that's perfect for all kinds of events, big or small. It comes in numerous table tops of different shapes and sizes. The table is flexible, easy to connect, fold and stack, and requires little space for storage with the trolley. This makes RBM Standard Folding Table an excellent choice for conferences, dining areas or assembly halls.

RBM Twisted Little Star

Twisted Little Star is a playful table with many qualities, designed to bring people closer together. Several tables can be connected like a jigsaw puzzle in order to create a larger unit.

RBM u-Connect

Contemporary design and functionality. RBM Connect has an architectural quality that can vitalise the creative advertising agency as well as the mobile office and the assembly room. It is a flexible, light and easy-to-use table.

RBM u-Connect with wheels are easily stacked together and moved around.
