

**Aeris
Muvman**

Sit down. Stand up. Do both at once.

Many benefits. Simply good.

The Aeris Muvman ensures you're awake to the tips of your toes.

The adjustable seat with Flexzone® technology promotes good blood circulation right down to your toes. The fixed base is fitted with non-slip rubber, providing a secure grip during movement (and it protects the floor too).

Good health relies on good posture.

The Aeris Muvman's flexible central column promotes constant micro movements to help keep the intervertebral discs supple. The chair's pivotal joint being so close to the floor ensures you remain in an upright position relative to the work surface. Supported this way, you can lean comfortably and safely in all directions.

Everybody welcome.

No other standing chair allows such a wide variety of height settings. Whatever your body size and whatever the height of the surface you are working at, sitting and standing positions can be adjusted to suit you individually. And thanks to its lightweight design, the chair can be easily moved around the office.

- 01. **Muvzone - the multidimensional movement element in the baseplate:** Provides maximum sideways movement, extends your reach and ensures an optimum sitting posture with respect to the working surface.
- 02. **Tilted centre column:** Relieves the intervertebral discs and encourages an upright posture with respect to the working surface.
- 03. **Convex seat with flexible front edge:** The shape of the seat encourages an upright posture and the flexzone prevents pressure points at seat edges.
- 04. **Sturdy baseplate:** Extremely stable with no danger of toppling.
- 05. **Carrying handle:** Practical handle for carrying the Muvman to wherever it is needed.

Setting options:

Seat height (gas spring)

Technical Data:

Product weight:	6.3 kg Version High: 6.5 kg
Baseplate:	Glass fibre reinforced plastic, diameter: 38 cm
Seat height:	51 – 84 cm Version High: 60 – 93 cm
max. user weight:	120 kg
Seat:	Seat support: plastic, upholstery: PU foam, seat surface: 34 × 32 cm
